DESCRIPTION	The first certified recyclable carton sealing tape, water-activated tape (Kraft paper tape) is re-pulpable with the corrugate it is applied to.	Paired with curbside recyclable water-activated tape, the Mini-Taper is a sleek, lightweight manual dispenser with a small footprint, perfect for low-volume shipping environments.	Cushioning material made from recyclable paper. The honeycomb padding design has been proven to reduce damage for fragile products.	The latest and most innovative protective mailer on the market, Curby Mailer is lined with a honeycomb paper structure which replaces air-filled bubbles used in plastic padded mailers.	Recyclable paper designed for easy feed into the Polyair PaperSpace X-Fill paper system. Produces three-dimensional cushioning and void fill.	An innovative, cost-effective and sustainable shipping solution, Curby Pallet Wrap is a fully-recyclable, plastic-free alternative to traditional pallet wrapping material.
